As you may be aware, the SLO Newcomers club will begin to use Wild Apricot as our new Member Management software tool this Spring. The program at February's luncheon will be "**Getting Started with Wild Apricot**". Our tech support members, Mary Lindmeier, Nadine McPhail and Sue Weber, will discuss basic information about using Wild Apricot to make and track your luncheon reservations, to access the member directory and to pay your annual membership dues. The new system will also host photo albums where you can see the fun things our members have been doing!

In late January, you will receive an email with log-in information to access Wild Apricot. Please follow the directions to login to your electronic device (computer, tablet or phone) prior to the Feb 5th luncheon. It would be helpful if you could bring your laptop, cell phone, and/or tablet to the luncheon for assistance in establishing your new SLO Newcomer Wild Apricot account. We will help you use Wild Apricot to register for the March luncheon!

Starting with the March luncheon, there will be no discount for reservations paid by check. We encourage all members to use the secure Wild Apricot system to pay with a credit/debit card. You will still be able to leave a check at a luncheon to pay for the next month's event, but we have found that checks mailed via USPS are unreliable.
